This Communication is in response to applicant's correspondence filed on 29 November 2004 and supplemented 14 December 2004 in the United States Patent and Trademark Office (USPTO).

BACKGROUND

On 10 July 2003, applicant filed international application PCT/IB03/03315, which claimed priority of an earlier application filed 19 July 2002. A copy of the international application was communicated to the United States Patent and Trademark Office from the International Bureau on 16 October 2003. Pursuant to 37 CFR 1.495, the deadline for payment of the basic national fee in the United States was to expire 30 months from the priority date, 19 January 2005.

On 25 September 2004, applicant filed a transmittal letter requesting express entry into the national stage in the United States, which was accompanied by, *inter alia*: the requisite basic national fee as required by 35 U.S.C. 371(c)(1) and an executed declaration.

COMMUNICATION

Applicant's filings of 29 November 2004 and 14 December 2004 seek a status of the present national stage filing, as well as, request for clarification or refund as to payment of the U.S. Basic National Fees in the present U.S. national stage application and application 10/505,038.

This communication confirms earlier responses of the USPTO the present application, U.S. serial number 10/508,967 is the U.S. national stage application for international application PCT/IB03/03315 and that U.S. serial number 10/505,038 is the U.S. national stage application for

international application PCT/EP02/02302.

A review of the fee records for the two applications shows that \$460.00 was charged to applicant's credit card on 24 August 2004 as payment of the full, U.S. Basic National Fee for application 10/505,038. As this was the only fee charged there were no additional monies to transfer from application 10/505,038 to the present application. Therefore, on 29 November 2004, as authorized, the USPTO charged applicant's credit card \$460.00 as payment of the full, U.S. Basic National Fee for application 10/508,967. As such, no additional fees are required nor are any refunds proper.

Further, a review of the application file reveals that all of the requirements of 35 U.S.C. 371 for entry into the national stage in the United States were satisfied on 25 September 2004.

The application has an international filing date of 10 July 2003 under 35 U.S.C. 363 and will be given a date of **25 September 2004** under 35 U.S.C. 371(c)(1), (c)(2) and (c)(4).

This application is being returned to the United States Designated/Elected Office (DO/EO/US) for treatment in accordance with this decision; including the preparation and mailing of a "Notification of Acceptance" (Form PCT/DO/EO/903).
